PROFESSIONAL SUMMARY

Data Science and Data Analyst student pursuing **B.Tech in Computer Science (Data Science)** from **Bhagwan Parshuram Institute of Technology, IP University**. Experienced in **data analysis, exploratory data analysis (EDA), dashboard development, and machine learning** through multiple internships and analytics projects. Proficient in **Python, SQL, Power BI, Tableau, and data visualization** for transforming raw datasets into actionable business insights. Seeking opportunities as a **Data Analyst, Data Science Intern, or Product Analyst** to leverage analytical thinking and data-driven decision making.

TECHNICAL SKILLS

Programming : Python, SQL, R
Data Analysis : Exploratory Data Analysis (EDA), Statistical Analysis, Data Cleaning, Feature Engineering
Libraries : Pandas, NumPy, Matplotlib, Seaborn
Data Visualization : Power BI, Tableau, Excel Dashboards
Tools : MS-Excel, Jupyter Notebook, Power Query, DAX, Streamlit
Concepts : Machine Learning Basics, ETL, Data Analytics, Business Analytics, Data Modelling, Dashboard Development

EXPERIENCE

Data Scientist Intern

Evoastra Ventures Pvt. Ltd. | Oct 2025 – Nov 2025

- Performed data preprocessing, cleaning, and feature engineering on structured datasets using Python
- Developed and evaluated machine learning models for predictive analytics
- Created dashboards and visualizations to communicate insights to stakeholders

Data Science Intern

TechNest Intern | Aug 2025 – Sep 2025

- Conducted exploratory data analysis using Python, Pandas, and visualization libraries
- Applied statistical analysis to identify patterns and correlations in datasets
- Generated analytical insights to support data-driven business decisions

Data Analyst Intern

Tata Power Delhi Distribution Limited | Jun 2025 – Jul 2025

- Cleaned and transformed operational datasets to improve data quality
- Built dashboards using Excel, Power BI, and Tableau for performance monitoring
- Analyzed data trends and KPIs to support operational decision making

PROJECTS

Dynamic Chart Builder Web Application (Streamlit)

- Developed a Python Streamlit application to convert Excel/CSV datasets into dynamic charts
- Implemented automated insights generation and report export functionality

Customer Churn Analysis & Business Insights

- Analyzed telecom churn dataset using Python, Pandas, Matplotlib, and Seaborn
- Identified major churn drivers and recommended strategies for customer retention

Mobile Sales Dashboard (Power BI)

- Built an interactive Power BI dashboard with KPI cards and dynamic filters
- Analyzed sales performance across brands, cities, and payment methods

Netflix Exploratory Data Analysis

- Conducted EDA on Netflix dataset using Python visualization libraries
- Analyzed content distribution across genres, countries, and ratings

Blinkit Inventory & Supply Chain Analytics

- Analyzed inventory and delivery datasets using Python and visualization tools
- Generated insights for improving supply chain efficiency

Hotel Booking Cancellation Dashboard

- Developed a Power BI dashboard analyzing 2 years of hotel booking data
- Identified patterns influencing booking cancellations and demand trends

EDUCATION

Bachelor of Technology – Computer Science (Data Science)

Bhagwan Parshuram Institute of Technology, IP University

2023 – 2027

Central Board of Secondary Education

Sarvodaya Bal Vidyalaya No. 2 C-block Janak Puri New Delhi

2010 – 2022

CERTIFICATIONS

- Deloitte Data Analytics Certificate
- Tata Data Visualisation: Empowering Business with Effective Insights (Forage)

- Power BI Micro Course
 - Python Coder Badge – Kaggle
 - Spoken Tutorial Project – IIT Bombay
-

LEADERSHIP & ACHIEVEMENTS

Cadet Warrant Officer – National Cadet Corps (Air Force Wing)

- Selected for **All India Vayu Sainik Camp (AIVSC) – 2024**
- Represented unit in **All India Guard of Honour (AIGOH), Republic Day Camp – 2025**
- Developed leadership, teamwork, discipline, and time management skills through national-level training
