

PROFESSIONAL SUMMARY

Data Science and Analytics enthusiast with hands-on experience in Python, Machine Learning, and Data Visualization. Skilled in performing EDA, data preprocessing, and building predictive models to extract actionable insights from complex datasets. Proficient in tools like Power BI, Tableau, and Excel for creating interactive dashboards and reports. Experienced in developing end-to-end data-driven applications, including web-based analytics tools and real-world projects in supply chain, healthcare, and customer analytics. Strong problem-solving ability with a focus on delivering data-driven business solutions.

KEY EXPERTISE

Python NumPy Pandas Excel Data Analytics Power BI Tableau Machine Learning SQL R EDA
Data Cleaning Statistical Data Analysis Matplotlib ETL Predictive Analytics Critical Thinking Problem Solving
Reporting Data Science Business Analytics Data Visualization Data Processing Leadership Data Analysis

EDUCATION

Bhagwan Parshuram Institute of Technology B.Tech. - Computer Science & Engineering Percentage: 74.41 / 100	2023 - 2027
Gov. Sarvodaya Bal Vidyalaya no.2 c-block Janak puri New Delhi-110058 12 th CBSE Percentage: 83 / 100	2022
Gov. Sarvodaya Bal Vidyalaya no.2 c-block Janak puri New Delhi-110058, New Delhi 10 th CBSE Percentage: 82.60 / 100	2020

AWARDS AND SCHOLARSHIPS

- Promoted to the rank of Cadet Warrant Officer(CWO) in NCC
- 1st Place – Inter-College Group Singing (Indian Style)

INTERNSHIPS

EVOASTRA VENTURES PVT LTD Data Scientist Intern Performed EDA, data visualization, and machine learning on real-world datasets. Developed NLP-based image captioning system and conducted web scraping for data collection. Built and optimized predictive models using Python for improved accuracy and business insights.	20 Oct, 2025 - 20 Nov, 2025
TechNest Intern Data Science Intern Performed EDA and data analysis to identify patterns and insights. Used Python (Pandas, NumPy, Matplotlib, Seaborn) for data cleaning, visualization, and preprocessing. Built and evaluated machine learning models to improve prediction accuracy and support data-driven decision-making.	04 Aug, 2025 - 01 Sep, 2025
TATA Power DDL Data Analyst Performed data analysis and visualization using Python, Power BI, Excel, and Tableau to generate actionable insights. Built interactive dashboards with KPIs and automated reporting. Developed a Python-based chart builder web app for dynamic data visualization and insight generation.	17 Jun, 2025 - 18 Jul, 2025

PROJECTS

Health care and Disease Prediction System Project Link: https://github.com/himanshushakya393/health-prediction-model -Built ML-based disease prediction system using symptom analysis (Kaggle dataset) -Performed data preprocessing and model optimization for accuracy -Developed medical chatbot and appointment scheduling module	20 Mar, 2026 - 30 Mar, 2026
Mobile sales Dashboard (Power BI)	20 Sep, 2025 - 22 Sep, 2025

Project Link: <https://github.com/himanshushakya393/Mobile-Sales-Dashboard>

- Built Power BI dashboard for mobile sales analysis and KPI tracking
- Performed data cleaning and preprocessing for accurate insights
- Created interactive visualizations for sales trends and performance analysis

Customer churn Analysis and Business insights

10 Sep, 2025 - 11 Sep, 2025

Project Link: <https://github.com/himanshushakya393/Business-Analysis-Project-on-Customer-Churn-Analysis-/tree/main/business%20analysis>

- Performed customer churn analysis using EDA to identify key retention factors
- Used Python (Pandas, NumPy, Matplotlib) for data cleaning and visualization
- Generated insights and recommendations to reduce churn and improve business decisions

Blinkit Inventory & Supply Chain Analytics project

20 Aug, 2025 - 21 Aug, 2025

Project Link: <https://github.com/himanshushakya393/Blinkit-inventory-supply-chain-analytics>

- Analyzed Blinkit supply chain data focusing on delivery time, order cancellations, and logistics performance
- Performed data cleaning, preprocessing, and feature engineering to improve data quality and insights
- Identified operational bottlenecks and inefficiencies through exploratory data analysis (EDA)

Chart builder web application

20 Jun, 2025 - 10 Jul, 2025

Project Link: https://github.com/himanshushakya393/shakya/blob/main/chart_builder.py

- Developed a Python-based web application for automated data visualization and analysis
- Enabled dynamic chart generation (bar, line, pie) using user-uploaded Excel/CSV datasets
- Implemented customizable axis selection for flexible and interactive data exploration
- Generated automated insights to identify trends, patterns, and key observations
- Built report generation feature with downloadable visualizations and PDF summaries

ACHIEVEMENTS

- o Republic Day Camp-25
- o Vayu Sainik Camp-24
- o NCC "B" certificate with A grade
- o NCC "C" certificate with A grade

ASSESSMENTS / CERTIFICATIONS

Spoken tutorial Project,IIT Bombay

Aggregate: 84.72 / 100

Samsung Innovation Campus

Power BI

POSITIONS OF RESPONSIBILITY

Cadet Warrant Officer

National Cadet Corps - Airforce Wing

SEMINARS / TRAININGS / WORKSHOPS

Samsung Innovation Campus Institute Name: Bhagwan Parshuram Institute of Technology

25 Dec, 2025 - 25 Mar, 2026

- Completed AI training under Samsung Innovation Campus covering Data Science, Analytics, and Machine Learning
- Gained hands-on experience in data preprocessing, EDA, and data visualization techniques
- Built and evaluated machine learning models using Python and relevant libraries

EXTRA CURRICULAR ACTIVITIES

- o National Cadet Corps (Airforce wing)
- o Vocalist in music society

PERSONAL INTERESTS / HOBBIES

- o Singing
- o Playing Guitar

PERSONAL DETAILS

Gender: Male

Marital Status: Single

Current Address: RZT-37 near vishwakarma chowk, West
Sagar pur, New Delhi -110046, New Delhi, Delhi, India - 110046

Emails: shakyah207@gmail.com , himanshushakya434@gmail.com

Date of Birth: 04 Mar, 2004

Known Languages: Hindi, English

Phone Numbers: +91-7827601871, +91-9911983341
